#### **Safe Harbor: Forward-Looking Statements**

This announcement contains forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended, and as defined in the U.S. Private Securities Litigation Reform Act of 1995. These forward-looking statements can be identified by terminology such as "will," "expects," "anticipates," "future," "intends," "plans," "believes," "estimates," "target," "going forward," "outlook" and similar statements. Leju may also make written or oral forward-looking statements in its reports filed or furnished with the U.S. Securities and Exchange Commission, in its annual report to shareholders, in press releases and other written materials and in oral statements made by its officers, directors or employees to third parties. Statements that are not historical facts, including statements about Leju's beliefs and expectations, are forward-looking statements that involve inherent risks and uncertainties. A number of important factors could cause actual results to differ materially from those contained, either expressly or impliedly, in any of the forward-looking statements. Such factors include, but are not limited to, fluctuations in China's real estate market; the highly regulated nature of, and government measures affecting, the real estate and internet industries in China; Leju's ability to compete successfully against current and future competitors; its ability to continue to develop and expand its content, service offerings and features, and to develop or incorporate the technologies that support them; its limited operating history and lack of experience as a stand-alone public company, given its carve-out from E-House and prior reliance on E-House for various corporate services; its reliance on SINA and others with which it has developed, or may develop in the future, strategic partnerships; substantial revenue contribution from a limited number of real estate markets; complexities resulting from its ongoing relationships with E-House, due to E-House's status as a principal shareholder of Leju; and relevant government policies and regulations relating to the corporate structure, business and industry of Leju. ## **About Non-GAAP Financial Measures**

To supplement Leju's consolidated financial results presented in accordance with United States Generally Accepted Accounting Principles ("GAAP"), Leju uses in this press release the following non-GAAP financial measures: (1) income (loss) from operations, (2) net income (loss), (3) net income (loss) attributable to Leju shareholders, (4) net income (loss) attributable to Leju shareholders per basic ADS, and (5) net income (loss) attributable to Leju shareholders per diluted ADS, each of which excludes share-based compensation expense, amortization of intangible assets resulting from business acquisitions, goodwill impairment, and income tax impact on the share-based compensation expense, amortization of intangible assets resulting from business combinations, and goodwill impairment. The presentation of these non-GAAP financial measures is not intended to be considered in isolation or as a substitute for the financial information prepared and presented in accordance with GAAP. For more information on these non-GAAP financial measures, please see the table captioned "Unaudited Reconciliation of GAAP and Non-GAAP Results" set forth at the end of this press release.

Leju believes that these non-GAAP financial measures provide meaningful supplemental information to investors regarding its operating performance by excluding share-based compensation expense, amortization of intangible assets resulting from business acquisitions, and goodwill impairment, which may not be indicative of Leju's operating performance. These non-GAAP financial measures also facilitate management's internal comparisons to Leju's historical performance and assist its financial and operational decision making. A limitation of using these non-GAAP financial measures is that share-based compensation expense, amortization of intangible assets resulting from business acquisitions, and goodwill impairment may continue to exist in Leju's business for the foreseeable future. Management compensates for these limitations by providing specific information regarding the GAAP amounts excluded from each non-GAAP measure. The accompanying tables provide more details on the reconciliation between non-GAAP financial measures and their most comparable GAAP financial measures.
